

Town of Carstairs Volunteer Driving Program

The Volunteer Driver Program is a supportive program for Carstairs residents (65+) and or adults that require assistance with transportation to medical appointments. Drivers provide safe, free and reliable transportation for residents who would otherwise struggle to meet this need.

Program Purpose

To increase the quality of life for residents by providing a reliable and supportive transportation option to appointments.

i.e.: Medical appointments, Dental Appointments, Eye Appointments

To provide a meaningful volunteer experience for local residents.

What to expect from the program

- Safe, free and reliable transportation for residents of Carstairs
- Screened Volunteers, with additional steps to become a Volunteer Driver
- Clients responsible only for any costs which may arise during the trip
(i.e. parking)

Please be aware that although we do our best to fill all trip requests, the program does rely on the availability of our volunteers. If your trip is not filled you will be notified and other options will be discussed with you.

We look forward to helping you with your transportation needs!
