**RE: ATCO Gas and Pipelines Ltd. Natural Gas Distribution Franchise Agreement**

As you are aware, ATCO Gas pays the Town of Carstairs a franchise fee. The franchise fee is collected from customers in Carstairs and is based on a percentage of our Delivery Tariff. In Carstairs, this percentage currently is 25.00%.

In 2022, our Delivery Tariff revenue in Carstairs was \$1,296,791. Our forecast Delivery Tariff revenue for 2024 is \$1,190,961. Therefore, based on the current franchise fee percentage, your forecast 2024 franchise fee revenue would be \$297,740.

Please note that the forecast 2024 Delivery Tariff revenue can be impacted by changes in customer operations and weather. Additionally, ATCO Gas has utilized forecast 2024 delivery rates, however, they are not yet approved by the Alberta Utilities Commission. ATCO Gas commits to providing updated franchise fee revenue forecasts at a future date should there be material impacts related to the update of these forecast assumptions.

Pursuant to our franchise agreement, you have the option to change the franchise fee percentage in 2024. A request to change the franchise fee must be received by ATCO in writing prior to November 1, 2023. If you are considering changing the franchise fee in 2024, please contact us as soon as possible to begin the process.

We trust you will find this information useful, and, if you have any questions or require anything further, please do not hesitate to contact me at [Kris.Topp@atco.com](mailto:Kris.Topp@atco.com).

Yours truly,

## Municipality Update

**September 26, 2023**

**RE: 2024 Franchise Fee Calculator, Confirmation of Franchise Fee, Microgeneration Update**

FortisAlberta is writing to you to share some important information about the 2024 Franchise Fee Calculator as well as an update on franchise fees and microgeneration.

**2024 Franchise Fee Calculator**

FortisAlberta is currently preparing for the annual franchise fee changes and is updating the calculator used by the municipalities to forecast franchise fee revenue in 2024.

In early September, FortisAlberta filed its annual rates application as required by the Alberta Utilities Commission (AUC). However, the AUC has not yet issued a decision on the *Third Generation Performance-Based Regulation* plan that will cover the 2024-2028 period or the *Cost-of-Capital Parameters in 2024 and Beyond*, that will determine the 2024 rates. The AUC is expected to issue these decisions by the end of September.

Once these decisions are issued, FortisAlberta would then incorporate the directions from these decisions, or any other relevant decisions and apply for its 2024 distribution rates as and when directed by the AUC, potentially towards the end of October. In addition, actual transmission rates primarily depend on the transmission rates filed by the Alberta Electric System Operator (AESO), which are then approved by the AUC. As of the date of this letter, the AESO has not applied for the 2024 transmission rates.

Typically, rate information for the coming year is known by early September. FortisAlberta recognizes this delayed timeline for 2024 rates will be a challenge for municipalities as they prepare their budgets and set their franchise fees for 2024. To allow the municipalities to start budgeting for 2024, FortisAlberta has created the franchise fee calculator with an assumption that both transmission and distribution rates would increase by 3.71 per cent.

Currently, inflation in 2024 is expected to be somewhat lower than in 2023, and therefore, FortisAlberta considers that assuming a rate increase of 3.71 per cent is reasonable on balance. However, any actual rate change for 2024 could be materially different than this estimated increase of 3.71 per cent. FortisAlberta also estimates electricity consumption and the franchise fee amount paid by customers within each municipality. While this estimate is more robust, actual consumption could be somewhat different.

**Request - Confirmation of Franchise Fee**

Reviewing the process for 2024 franchise fee changes, **FortisAlberta requests all municipalities to confirm via email that they have received this information and if they plan any increase/decrease or plan to keep the current franchise fee percentage.** Please confirm your franchise information that is included in the calculator, specifically the franchise fee percentage and respond to

[StakeholderRelations@FortisAlberta.com](mailto:StakeholderRelations@FortisAlberta.com) to confirm any increase/decrease or no change. Additionally, we have included a table showing municipalities and their current franchise fee percentage. This information will help you understand what other communities are charging and confirms of your current franchise fee percentage.

**Media Coverage on Franchise Fees**

Recently in the media there have been reports of high Regulated Rate Option (RRO) rates where some Distribution Facility Owners (DFO) charge Franchise Fees on these Retailer costs. FortisAlberta only charges Franchise Fees on Transmission and Distribution tariff costs and excludes all rate riders and Retailer costs.

**Microgeneration Update**

In case you are asked by constituents about our microgeneration connection process and why it is taking longer to connect these installations, we wanted to provide you with some context. During the last three years, FortisAlberta microgeneration connections have doubled. For 2023, we estimated that more than 1,600 connections will take place in our service area alone. We have added additional staff to meet the demand as FortisAlberta has the busiest service area for microgeneration in Canada. Additionally, one in three applications are not complete when it is submitted resulting in additional work. We are working closely with customers to ensure their preparedness and continue to identify and execute efficiencies to streamline the process.

If you have additional questions or concerns specific to microgeneration, franchise fees or questions in general please contact your Stakeholder Relations Manager.

Sincerely,

Dave Hunka

**ATCO GAS AND PIPELINES LTD. – SOUTH RIDER “B” MUNICIPAL PROPERTY TAX AND SPECIFIC COSTS TO ALL RATES AND ANY OTHER RIDERS THERETO**

This Rider is applicable to Customers and Producers resident in municipalities that receive a property tax under the Municipal Government Act or receive payment for specific costs which are not generally incurred by the Company. This Rider is the estimated percentage of gross revenue required to provide for the tax payable or specific cost incurred each year. To the extent that this percentage may be more or less than that required to pay the tax or specific cost, the percentage of gross revenue provided in the Rider will be adjusted on the 1st of February each year.

The percentage is to be applied as an addition to the billings calculated under the Rates including charges as allowed under other Riders in effect with respect to the following municipalities:
